April Is Just Around the Corner

This Saturday ushers in the month of April—which is good for two reminders, (1) that it's the month personal federal income tax returns are due, and (2) the year 1972 is getting along rapidly.

And from the Arkansas Press Association membership bulletin I learn some additional facts about April:

1. It's Anti-Noise Month.
2. Cancer Control Month
3. National Automobile Month
4. National Lawn Care Month
5. New Homes Month, and
6. National Home Improvement Month.

The multitude of "days," "weeks," and "months" thrust upon the American people may seem futile, and yet they serve a purpose in advertising some worthy cause. It does pay to advertise. The APA bulletin comes up with that whiskered oldie on the value of advertising: "There are 25 mountains in Colorado which are higher than Pike's Peak... how many people can name one of them?"

APA got this gem from a speech on advertising by Congressman Clarence J. Brown of Ohio before the Michigan Press Association's annual convention.

The wise-crack isn't new—it's been around for a couple of generations—but it's still true. Pike's Peak was more accessible than Colorado's other high ones, smart operators made it a tourist trap—and word-of-mouth advertising did the rest.

Two Chains Freeze Meat Prices, One Cuts Them

By THE ASSOCIATED PRESS
Two major supermarket chains announced price freezes and a third planned price reductions on all beef cuts Thursday in the wake of administration jawboning to stem rising food costs.

Safeway Stores Inc. said the price of all beef cuts will be reduced Friday, some by as much as a dime a pound. The company has 246 markets in Virginia, Maryland, Delaware, Pennsylvania and the District of Columbia.

Winn-Dixie, the South's largest

supermarket chain, announced a freeze on all food prices from now through the month of April.

And Grand Union, a chain with more than 500 markets in 11 Eastern states, said a freeze on prices of fresh meat and poultry will be in effect for 30 days.

In a related development, the Agriculture Department reported that prices paid farmers for live beef cattle dropped 20 cents last month, the first decrease since last summer.

The price fell to \$32.40 per

hundredweight for the month ending March 15, but the new figure was only a fraction lower than the \$32.60 record high recorded the previous month.

Safeway Vice President Basil Winstead said the chain's cuts in beef prices "reflect recent declines in the wholesale price Safeway pays for beef."

The chain will lower the cost of sirloin steak to \$1.29 per pound, from \$1.39 now and \$1.45 two weeks ago. Other examples include boneless chuck roast, to 89 cents a pound from 99 cents; regular ground beef in five pound rolls, 59 cents a pound from 60 cents, and full cut, bone-in roundsteak, \$1.19 a pound from \$1.29.

Winn-Dixie said its freeze will apply to all items on the grocery shelf.

"There will be no increase in regular shelf prices on all meat and grocery items through the month of April in 871 Winn-Dixie stores throughout the Southeast, effective immediately," said Joe A. Dams, executive vice president of the firm.

He said advertised specials would be apart from the regular price ceiling.

"This move was made in an effort to further assist the federal government in their effort to control inflation," Adams said.

Afternoon highs Thursday were generally in the low to mid 50s with temperatures ranging from 52 at Texarkana to 56 at Fayetteville.

A high of 53 in Little Rock was 14 degrees below the normal high of 67 for a March 30.

Overnight lows included 27 at Fayetteville, 33 at Harrison, 37 at Jonesboro, 38 at Pine Bluff, 39 at Texarkana, 34 at El Dorado, 40 at Memphis, 34 at Little Rock and 30 at Fort Smith.

No precipitation was reported in the state during the 24-hour period ending at 6 a.m. today.

Witnesses in Davis Case Give Different Accounts

SAN JOSE, Calif. (AP) — Three witnesses in the murder-kidnap conspiracy trial of Angela Davis have given differing accounts of what they heard or didn't hear during a 1970 shootout in Marin County.

Miss Davis, 28, is accused of furnishing the guns and planning an attempt to free three San Quentin Prison convicts at the Marin County Civic Center on Aug. 7, 1970, in which a judge and three other persons were killed.

Testimony during Thursday's session of the trial centered on what, if anything, was said during the abortive escape attempt about the Soledad Brothers, three unrelated black convicts then charged with the beating death of a white guard at California's Soledad Prison.

Jonathan Jackson, brother of Soledad Brother George Jackson, entered the courtroom of Superior Court Judge Harold J. Haley bearing guns the day of the shooting in Marin County.

He released and armed the three prisoners. Haley, two women jurors and Asst. Dist. Atty. Gen. Thomas were taken hostage.

Maria Elena Graham, a juror who was taken hostage and wounded, testified Wednesday that Jonathan Jackson repeatedly demanded freedom for the Soledad Brothers in exchange for the four hostages.

Under cross-examination Thursday she admitted that a talk with the chief prosecutor last week refreshed her memory that another captor also demanded the Soledad Brothers' freedom.

A second juror, Norene Morris, who was not taken hostage and remained in the courtroom, testified she didn't hear anything about the Soledad Brothers.

A third juror, Doris L. Wittmer, who was taken hostage and tied around the waist by wire to Mrs. Graham, also testified she heard nothing about the Soledad Brothers.

When court resumes Monday, Thomas, who was shot and permanently paralyzed from the waist down, will take the stand.

Mrs. Wittmer said she heard two shots fired "from our group" as the kidnapers and hostages made their way from Haley's courtroom to a parking lot and a van in which Jonathan Jackson and his companions planned to escape.

4th Candidate Files

LITTLE ROCK (AP) — Jack G. Coleman, 27, of McGehee Thursday became the fourth candidate to file for the Democratic nomination for Congress in the 4th District.

Coleman, Atty. Gen. Ray Thornton, Richard Mays of El Dorado and Richard Arnold of Texarkana have filed seeking to succeed Rep. David Pryor, who is running for the U.S. Senate.

Coleman said in a statement that he would work for improvement of transportation facilities in South Arkansas. He called for construction of a four-lane highway and a commuter airport in the region. He also called for tax relief for "middle America."

Coleman said that Sheriff Robert S. Moore of Desha

County would be "the senior adviser" on his campaign coordinating committee.

Others filing were: Sen. Bob Douglas, 37, of Texarkana as a Democrat for re-election in District 12.

Paul K. Roberts, 58, of Warren as a Democrat for chancellor in the 2nd Chancery District.

Rep. John Paul Capps, 37, of Searcy, a Democrat for re-election in District 49.

Michael L. Chandler, 24, of Little Rock as a Democrat for state representative in Position 3, District 5.

Davis, 33, of Lincoln as a Democrat for state representative in District 11.

Rep. Stephen A. Smith, 22, of Huntsville as a Democrat for re-election.

Five Killed in Wreck Near DeQueen

DE QUEEN, Ark. (AP) — Five persons were killed Thursday night when a car occupied by three youths crossed the center line at the crest of a hill on U.S. 71 near here and slammed head-on into a pickup truck, state police said.

Officers identified the victims as Robert R. Powell, 18; Stephen C. McClellan, 20, and William E. Barrow, 18, all of Wilton in Little River County, and Edwin Don Houck, 40, and his wife, Janice H. Houck, 39, of Texarkana, Tex.

Police said a car driven by Powell tried to pass a truck on the hill and his car crashed into a pickup truck driven by Houck.

Houck was a division manager for General Telephone Co. at Texarkana.

Officers said Houck was killed in the crash. His widow died a short time later in Texarkana. The three youths were dead on arrival at a De Queen hospital.

Heaviest Fighting in Vietnam in Four Years

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — A swelling North Vietnamese onslaught in the far north drove South Vietnamese from two more bases today in the heaviest fighting there in four years.

Field reports said a third base also may have been abandoned. One base was given up Thursday in the first day of enemy attacks on bases along the demilitarized zone.

The air war also heated up as a North Vietnamese MIG21 was shot down and the United States lost its second computerized four-engine gunship in two days and one of the Air Force's biggest rescue helicopters.

New U.S. air raids were

launched inside North Vietnam after a nearly two-week lull and American jets attacked enemy gun positions in the southern half of the DMZ.

Hundreds of South Vietnamese troops and some American forces, at the option of local field commanders, were ordered on heightened alert.

U.S. and South Vietnamese field commanders in the 3rd Military Region that includes Saigon and 11 surrounding provinces increased the state of readiness for all of their troops.

The U.S. headquarters for Saigon ordered all Americans off the streets of the capital. But an hour later the headquarters of Gen. Creighton W. Abrams, the top commander, rescinded that directive.

In the central highlands, six government bases were shelled from dawn to dusk Friday, and one of them was hit with 100 mortar rounds. One ground attack was reported. First reports said the only government casualties were three troops wounded.

North Vietnamese troops battled government forces and armored columns near Dong Ha, nine miles south of the DMZ, and farther west near Camp Carroll.

The Saigon command said 115 North Vietnamese troops were killed in three battles, 17 south Vietnamese were reported killed and 31 wounded.

The U.S. Command said that one of two Air Force F4 Phantom fighters escorting bombers

on raids against the Ho Chi Minh trail supply network in Laos intercepted and shot down a Soviet-built MIG21 on the North Vietnamese side of the border Thursday night.

The F4 crewmen, Capt. Frederick Olmsted, 29, Chula Vista, Calif., on his 212th combat mission, and Capt. Gerald R. Volle, 28, of Cincinnati, Ohio, on his 110th mission, fired missiles at the MIG about 35 miles north of the DMZ. They said the MIG exploded into a fireball.

It was the fifth MIG reported down by U.S. fighters this year and the 116th of the war. It was the farthest south a MIG has been shot down in several years, strengthening reports that North Vietnam may move part of its air force closer to South Vietnam's borders.

Meanwhile, U.S. Air Force fighter-bombers joined 7th Fleet destroyers in an air and naval bombardment of North Vietnamese gun positions firing from the southern half of the DMZ.

Nixon Acts to Head Strikes

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — President Nixon today blocked, for 60 days, the threat of strikes in two railroad labor disputes.

Nixon's action—appointing emergency boards under the National Railway Labor Act—removed the possibility of the railroad strikes which could have come at midnight tonight.

One case involves a wage and work rules dispute involving some 6,000 AFL-CIO Sheet Metal Workers who work in the repair shops of all the nation's rail lines. The union had announced no specific strike action, but it was believed prepared to stage walkouts on at least several major rail lines.

Congress has intervened with special legislation to prevent or avert major strikes over the last two Sheet Metal negotiations.

The other emergency board action by Nixon involves the big Penn Central Railroad system and the AFL-CIO United Transportation Union. The union had said it would strike the Penn Central at midnight Friday if the company carried out plans to start eliminating some 6,000 jobs through layoffs over several years.

Nixon's action automatically bars any change in the status quo in both disputes until 60 days expire.

Presidential press secretary Ronald L. Ziegler said Thursday Nixon believes the country could not tolerate a nationwide shutdown of rail service.

Under the Railway Labor Act, Nixon can sign executive orders creating presidential boards to look into UTU's dispute with the Penn Central

Railroad and the Sheet Metal Workers' dispute with the Association of American Railroads. Creation of a board would make any strike illegal for 60 days.

7 Die, Many Hurt in Florida Crash

By PAT LEISNER

ORLANDO, Fla. (AP) — A giant B52 bomber crashed and exploded in a residential area today, and Mayor Carl Langford said seven crewmen aboard were killed. He also said there were numerous civilian casualties.

People who saw the eight-engined jet crash said at least eight homes were damaged when it slammed into the ground in a near vertical dive.

Three of the homes were gutted by flames, witnesses said, and the roof was ripped off a fourth.

It was not known if there were any civilian deaths.

Bart Forster, a spokesman for McCoy Air Force Base where the plane was based, said it carried a crew of seven when it exploded and burned about a quarter-mile northwest of the base.

The base is just south of Orlando. Witnesses said the bomber still was burning about an hour after the crash and that residents of homes around the crash site were being evacuated because one wing of the aircraft still was filled with fuel.

The Pentagon said the B52 carried no nuclear weapons.

Forster said the crew had declared an in-flight emergency and reported they had a fire on board just before the crash.

An Air Force spokesman said the plane was attached to the 366th Bomb Wing at McCoy and was returning to the base from a routine training flight.

HARRISBURG, Pa. (AP) — A federal jury resumes deliberations today in the kidnapping conspiracy case against the Rev. Philip Berrigan and six other antiwar activists.

After a controversial charge by U.S. District Court Judge R. Dixon Herman, which the defendants attacked as "instructions for convictions," the jury spent nearly seven hours Thursday reviewing testimony of some of the 64 witnesses and checking more than 100 exhibits, then retired for the night.

Herman denied jury requests for a copy of his 24-hour charge, particularly the section on conspiracy, and for a copy of a prosecution chart of telephone calls made between defendants.

Farm Price for Beef Declines

WASHINGTON (AP) — Prices paid farmers for live beef cattle dropped 20 cents last month, the first decrease since last summer, the Agriculture Department reported Thursday amid mounting dissatisfaction over supermarket meat prices.

The price for beef on the hoof fell to \$32.40 per hundredweight for the month ending March 15, the department reported.

But the latest figure was only a fraction of a per cent lower than the record high of \$32.60 set during the previous month.

Beef cattle prices have risen steadily from the \$29.10 reported last October.

Agriculture Secretary Earl L. Butz has defended the higher prices being paid to farmers and has insisted that the farmer is not to blame for higher supermarket prices.

The administration has resisted

ed pleas from consumer groups for government controls on food prices, although Price Commission Chairman C. Jackson Grayson has promised another look at the possibility.

The Cost of Living Council also has announced new efforts to slow the rise of food prices and its chief, Treasury Secretary John B. Connally, called in a dozen grocery chain executives to urge an end to price hikes.

Butz, meanwhile, predicted that the grocery price of beef will fall in April.

He issued the forecast in an interview Thursday on "30 Minutes With..." the educational television program produced by the National Public Affairs Center for Television.

Citing a \$2.08 per hundredweight decline of on-the-hoof prices at the Omaha market, Butz said "it's going to take a little time for that to

show up in the retail counters."

"You should expect lower prices in April," he concluded.

The Agriculture Department report said the price of slaughter cows rose to \$23.70 this month from \$23.20 the month before, but prices for steers and heifers fell from \$35.30 to \$34.70 to produce a 20-cent drop overall.

Hog prices fell more sharply—from \$25.70 to \$23.30.

Prices farmers received for all raw products dropped 2 per cent in March but averaged 8 per cent more than a year ago, said the department's Crop Reporting Board. It was the first such decline in six months.

In addition to hogs, farmers also received less for cotton, lettuce, celery, tomatoes and milk, but were paid more for eggs and soybeans. Farm expenses remained unchanged from the record high of February, the department said.

Final Arguments in Trial of Chaplain

JACKSONVILLE, Fla. (AP) — Final arguments are scheduled today in the court-martial of Cmdr. Andrew F. Jensen, a Navy chaplain accused of misconduct by adultery.

The case, the first involving a general court-martial of a chaplain in U.S. Navy history, is then to go to the six-officer jury.

The tall, 43-year-old American Baptist clergyman faces a maximum penalty of two years in prison and a dishonorable discharge.

Two Navy wives at nearby Cecil Field Naval Air Station

testified that Jensen had sexual intercourse with them a total of 21 times.

Jensen maintained his innocence of wrongdoing with either Lora Gudbranson, 38, or Mary Ann Curran, 24.

Through two days on the witness stand, he testified he was not with Mrs. Curran on any of the 17 occasions of sexual relations she detailed nor with Mrs. Gudbranson on the four she cited.

Jensen's denomination, the American Baptist Convention, has said it will not supply any more military chaplains be-

cause of the charges lodged against him.

Lt. Joseph L. Curran Jr., the husband of one of the accusers, testified Thursday he made the decision that he and his wife quit attending Cecil Field Chapel functions in late April 1971.

Jensen, senior chaplain at Cecil, had testified Mrs. Curran grew hostile and angry with him when he advised her to stop an affair with another man. She had been chairman of the Women of the Chapel but quit attending functions at the time of her hostility, the chaplain testified.

Pilgrims Flock to Jerusalem to Retrace Christ's Steps

By THE ASSOCIATED PRESS

Christian pilgrims flocked to Jerusalem today to retrace Christ's final footsteps along the Via Dolorosa—The Way of Sorrows—to the traditional scene of the Crucifixion.

Thousands of visitors from abroad passed through the narrow lanes of Jerusalem for the

annual Good Friday pilgrimage of mourning to Calvary.

Warm spring breezes swept the city as the pilgrims, some of them carrying 2-foot wooden crosses on their backs, began the mile-long procession through Jerusalem's bazaars.

It was the fifth Good Friday in Jerusalem since Israel cap-

tured the old city from Jordan in the 1967 war.

In Berlin, a massive Good Friday flow of Westerners crossed the wall into East Berlin and East Germany.

West Berlin police reported crowds at all nine border crossing points. "Processing continues quickly but the crowds apparently have overburdened the Eastern facilities," they said.

Cars carrying West Berliners into the East German countryside for the first time in 20 years were lined up as much as two miles at the three main access points.

Marianna Moratorium

PARAGOULD, Ark. (AP) — Gov. Dale Bumpers remarked Thursday night that he had declared a "moratorium" on discussing the Marianna racial issue during his re-election campaign.

In an interview with newsmen after his speech to the Paragould Jaycees, Bumpers said he did not think any good would come of further discussion of the problem at this time.

Asked if he thought Marianna would be an issue in the coming campaign, Bumpers said, "I hope not."

In a development Thursday regarding Marianna, a suit was filed in U.S. District Court in Little Rock to block transfer of a \$1.2 million Office of Economic Opportunity grant to the Lee County Cooperative Clinic.

John N. Warnock of Camden, who has said he is considering a race for governor, filed the suit on behalf of three county

residents, Harold Meins, Jesse Harron and T.H. Barker.

Warnock said he would try to contact U.S. District Court Judge Oren Harris to obtain a temporary order restraining OEO Director Phillip Sanchez from paying the grant to the clinic.

Warnock said the order was needed because he expects Bumpers to permit awarding of the grant.

Bumpers had until today to veto the grant, but has shown no inclination to block it, Warnock said.

An affidavit in support of the motion for a restraining order says there is evidence that the clinic operations, rather than being directed to the health needs of the poor, are of a political nature and have caused racial discord.

Disturbances Mark Arkadelphia Trial

ARKADELPHIA, Ark. (AP) — Two students charged in connection with a March 16 racial disturbance at Arkadelphia High School were found guilty of charges against them in Municipal Court here Thursday.

Judge J. E. Still found James H. Smith, 18, guilty on five counts of assault and battery and fined him \$37 on each count.

The judge also found Smith guilty of disturbing the peace and fined him \$37, and found him guilty of disrupting campus activities and fined Smith \$37. Four other assault and battery charges were dismissed.

Still found Dwight Dixon, 16, guilty of aggravated assault in connection with the alleged stomping of Larry Aldredge, an assistant band teacher. Dixon was fined \$250 plus \$27 court costs and sentenced to 30 days in jail.

Lornell Carr, another student, forfeited bonds of \$37 for disturbing the peace, \$37 for assault and battery and \$237 on disruption of campus activity.

Twenty black students were charged in connection with the disturbance. Trials of more students were to begin at 9 a.m. today.

Also Thursday, Judge Still held Richard Mays of Little Rock, a black attorney, in contempt of court twice as the trials began for the racial disturbance. Mays was fined \$100 on the first contempt citation and \$25 on the second.

The actions stemmed from heated disagreements that developed between Mays and the judge, who is white, and Pros. Atty. W. H. "Dub" Arnold, who is white. Mays asked Still to disqualify himself on grounds he was "utterly and totally partial," and also requested a continuance on grounds the judge was extremely hostile.

The first citation developed when Mays was not in court when the first case was called. Arnold asked Still to call the next case because of Mays' absence.

Rickey Mackey was fined \$37 on a charge of trespassing on school property and \$37 for assault and battery. Both charges stemmed from an alleged fistfight on March 15 at the high school.

Still then called the first case again, but Arnold said Mays still was not in the courtroom. He said Mays was "preventing justice," and that Mays had failed to appear in Circuit Court as attorney for three students charged with inciting to riot in connection with the high school disturbance.

As Arnold completed his remarks, Mays entered the courtroom. A smattering of applause rose from among about 200 spectators in the courtroom. Still called for order and told the members of the crowd they

would be charged with contempt of court if they applauded any more.

Mays told Still he had not been officially retained by the defendant in the first case, Jesse Simmons, who was charged with disturbing the peace in connection with an argument with the owner of a grocery store on March 9.

Simmons, who was arraigned at the same time as the pupils charged in the disturbance, told Still he had discussed with Mays possible representation by the attorney.

Mays said that because he did not remember being retained by Simmons, he was not prepared to defend his case. Arnold told the judge that Mays had stated in open court during the arraignment of the students that he would represent all of the defendants arraigned that day.

The conversation grew heated. Mays approached the bench. Still rapped his gavel and said, "Now don't lean on the desk." Mays continued to insist that he did not know he was to appear in court at 9 a.m.

Still told Mays he would charge the attorney with contempt and "put you in jail right now." As the bailiff rose to escort Mays to jail, a murmur swelled from the crowd. Still rapped his gavel for quiet.

The judge fined Mays \$100, but permitted him to go to the clerk's office and pay the fine. Mays came back about five minutes later and the case against Simmons proceeded. The youth was fined \$37 for disturbing the peace.

Mays and Arnold later argued heatedly in court and Still fined Mays \$25 for contempt.

50TH YEAR (From Page One)

War II years in which no new cars were introduced.

In a statement, McLarty stated, "I've seen them all from the solid black Model T of 1922 thru the Model A of 1928 and the V-8's of 1932 up thru the present big variety in the Ford line. Hope Auto also sold tractors in the 1920's but discontinued that in the late 20's."

Continuing to recall the past, Mr. McLarty said, "Some of the problems we faced over the years go back a half century when there were so few roads that people did not have many places to drive a car if they bought one."

He remembers that in 1922 the Ford Roadster sold for \$385.00 and even at that price, they were hard to sell. The years of the depression found plenty of cars and few buyers and that was followed by the war years when there were plenty of buyers but no cars.

Hope Auto's growth and expansion has been steady since Tom and his son Frank acquired complete control in 1955 by purchasing all the outstanding stock.

The Company now has agencies in Texarkana, Magnolia, Nashville, Murfreesboro and Hope.

Fifty years later, Tom McLarty still finds every day a new challenge and has no thought of retiring as he starts his second half century as Mr. Ford of Southwest Arkansas.

Raps Announce 'Grant Game'

RUSSELLVILLE, Ark. (AP) — Ted Boswell of Bryant, a Democratic candidate for the U.S. Senate, criticized Thursday what he termed the "announce-the-grant game."

Boswell seeks the position of Sen. John L. McClellan, who is seeking re-election. Also oppos-

ing the senator in the Democratic primary are Rep. David Pryor and Foster Johnson.

Boswell said both McClellan and Pryor were using grant announcements to get their names before the public.

"It always amazes me how the members of Congress take day what he termed the "announce-the-grant game," Boswell said.

"Many of the grants that are being announced are being spaced out," Boswell said.

Home Gardening Hints

Some home gardeners may wonder why tomato, pepper, or eggplant seem to take a long time to start growing after transplanting in the garden. One thing that may cause slow recovery after transplanting is the condition of the plant.

If you buy your plants and they are spindly in growth and pale in color, they have probably been kept in the plant box or cup too long and may have suffered from lack of water. Buy only plants that have a good color and have good leaves, says County Extension Agent Calvin J. Caldwell.

Mr. Caldwell also recommends that a starter solution be used when setting out plants. A starter solution can be made by mixing 3 to 4 ounces of 10-20-10 fertilizer in five gallons of water. Stir the mixture thoroughly and then pour ½ pint of the solution around each plant after it is set in the ground. This will result in immediate feeding of plant food. It will help weak plants recover.

Coming, Going

Mr. and Mrs. Carl Lyndborn, Eads, Colo., have been here to see her brother, Jack Fountain, and Mrs. Fountain.

Mr. and Mrs. Bill Graddy are visiting her sister, Mrs. P. L. Perkins, and Mr. Perkins before moving to Bella Vista from their home in Iowa.

Is It Too Late Now?

DEAR HELEN:
My husband has been in the Service for 20 years. He didn't want me along in all those (sometimes) fascinating places. Said the children should be raised "with roots." So I stayed home, cared for them when they were sick, managed a house by myself—and was very lonely.

He enjoyed himself. I'm sure there were women—probably the reason we weren't included. About all I can say for MY 20 years is that I raised two fine girls and that my husband partially supported us (though I worked, also).

Now he's talking of retiring. His health isn't too good and he wants to come home to a wife who will wait on him—with no small children underfoot. (He's actually glad our daughters are grown and gone, as "kids get on his nerves.") The last time he was here on leave I couldn't stand him.

Must I accept a full-time husband who wouldn't accept me with him all those years? STILL YOUNG

DEAR S.Y.:

No! If you "can't stand" your husband—and he evidently isn't desolate without you—then you'd both be miserable, living together full time. Tell him how you feel, and why...but give him one more chance before you make a final break. —H.

DEAR HELEN:

I'm newly married (since February). Dell and I are both 23.

Yesterday morning I woke up early and couldn't go back to sleep again. I got to thinking how much I loved my husband, so I blew in his ear and kissed him. It was only a half-hour before he had to wake up anyway, but he told me to stop bothering him. Later he said it's the man's place to make the advances.

I'm afraid he thinks I'm too bold or something. Am I? —PUZZLED

DEAR PUZ:

I'm afraid your husband doesn't know a good wife when he has one, or something!

No, you're not too bold—And Dell should "come out" of the 18th century. Also he should learn to wake up appreciative. —H.

DEAR HELEN:

A certain young couple had "set the date," and had received many shower gifts.

Then they called the wedding off. They decided on a trial period first, and if this works out, maybe they'll get married next year.

A lot of us feel that if they didn't go through with the ceremony, they should return the gifts, even though they're using them jointly in their apartment—

or at least have them stored there.

Wouldn't this be proper etiquette?—GIFT "RAPPING"

DEAR G.R.:

I don't think etiquette books have worked around to this sticky problem yet.

But...inasmuch as a wedding is still planned (sometime), the couple must feel they have a right to the gifts. Anyway, they've effectively turned off the showers for the next try: You won't need to give again. —H.

DEAR HELEN:

I have a neighbor who is at my house from morning till night. It bugs me because I never get a chance to get my work done. She just sits and talks even when I say I'm busy. How do you get rid of a boring leech? Without making an enemy of her? —BUGGED

DEAR B.:

Times don't change—neighborwise. The first letter I received as a columnist, some 14 years ago, concerned this identical problem. And my answer then, as now, was: "Hand her a broom." The leech will light elsewhere if you push her into housework.

COOKED VEGETABLE SALAD

A touch of curry adds piquancy.

1 package (10 ounces) frozen mixed vegetables
1/2 cup boiling water
1/2 teaspoon salt
1/4 cup olive oil
4 teaspoons white wine vinegar
1/4 teaspoon sugar
1/4 teaspoon curry powder
White pepper to taste
Lettuce, shredded

Cook vegetables according to package directions using the 1/2 cup boiling water and 1/4 teaspoon of the salt; drain if necessary. In a shallow container, with a fork, beat together the remaining 1/4 teaspoon salt, oil, vinegar, sugar, curry powder and pepper; mix in vegetables. Cover and refrigerate for a few hours to allow flavors to blend. Serve on lettuce. Makes 4 small servings.

Thinks American Flag Between Orioles, A's

By HAL BOCK
Associated Press Sports Writer
NEW YORK (AP) — No matter what you read elsewhere, there is no guarantee whatsoever that the Baltimore Orioles and Oakland A's will repeat as American League division champions this year.

After all, there could be a strike, you know.

That's about the only thing that could block these two power-packed teams from the swift completion of their appointed rounds.

How do you cope with the Orioles, who start out with four 20-game winners—lefties Dave McNally and Mike Cuellar and right-handers Pat Dobson and Jim Palmer. The answer is you don't cope with them. You just do the best you can trying to beat the rest of the guys out for second place.

The Birds are so well-stocked with player talent that they were able to dispatch aging Frank Robinson to Los Angeles and, except for the absence of his retired number, they'll hardly notice he's gone.

The Birds traded Robinson so that they'd have room for young Don Baylor, who's graduating from Rochester of the International League. But Baylor still has to wait in line for an outfield job. Stacked ahead of him are holdovers Don Buford, Merv Rettenmund and Paul Blair.

Bobby Grich, another outstanding prospect also moving up from the minors, has a similar problem. To win a job, he only has to beat out Brooks Robinson at third, Mark Belanger at shortstop, Dave Johnson at second or Boog Powell at first.

That means a season of watching for the two prize rookies and another season of winning for the Orioles.

In the West, Vida Blue or not, the A's seem too, too strong. Owner Charles O. Finley, a well-known insurance man, took out a pitching policy against Blue's holdout by acquiring right-hander Denny McLain.

He joins a staff that includes 20-game winner Catfish Hunter, Ken Holtzman, grabbed from the Chicago Cubs over the winter, and holdovers Blue Moon Odom and Chuck Dobson, who both had arm problems late last year.

Add Blue to that cast—Finley would love to—and the A's have one of the strongest pitching staff in baseball.

The runs will come from solid hitters like Sal Bando, Reggie Jackson, Joe Rudi and Mike Epstein. Dick Green and Bert Campanella make the A's solid up the middle and Gene Tenace and Dave Duncan are two capable receivers.

It all adds up to another coast-to-coast playoff with the Orioles the likely AL champions for a fourth consecutive year.

Billy Martin, always the optimist, thinks his Detroit Tigers have enough oomph to overtake the Orioles in the East. Call it wishful thinking.

The Tigers have some solid talent like Dick McAuliffe, Mickey Stanley, Willie Horton, and Bill Freehan. But their pitching is questionable after workhorse Mickey Lolich and Joe Coleman.

Detroit's most important drawbacks are also the club's biggest assets—Al Kaline and

Norm Cash. Both are 37 and could wilt in the summer's heat. If they do, so will Detroit.

Chicago's improving White Sox will be a factor in the West, especially if they ever get Dick Allen, formerly of Philadelphia, St. Louis and Los Angeles, to agree to play for them.

Allen's bat would certainly bolster an attack that gets most of its punch from home run champ Bill Melton, Rick Reichardt and Carlos May.

Stan Bansen, picked up from the Yankees, adds depth to a promising pitching staff headed by knuckler Wilber Wood, a 22-game winner last year.

New York is depending on two promising rookies, Rusty Torres in right field and Ron Blomberg at first base, as well as newcomer Rich McKenney, picked up from the White Sox at third.

The most important addition for the Yankees, though, may be reliever Sparky Lyle who must pick up a bullpen that

slumped badly last year.

Bobby Murcer, Roy White and Thurman Munson give the Yanks some professional hitters and Fritz Peterson and Mel Stottlemyre are better than average pitchers.

Kansas City, second in the West last year, may slip a bit this season. The Royals have one of the American League's outstanding young players in center fielder Amos Otis and the speed he and little Freddie Patek provide gives the Royals plenty of zip.

Bullpen partners Ted Abernathy and Tom Burgmeier combined for 40 saves last year and starters Dick Drago, Mike Hedlund and Paul Splittorff could get some help from rookie Monty Montgomery this time out.

Second baseman Cookie Rojas and third baseman Paul Schaal both enjoyed their best big league seasons last year and will need to do just as well this time if the Royals are to make a dent in the West Division race.

DeBorde Quits Hogs

FAYETTEVILLE, Ark. (AP) — Skipper DeBorde, who started at fullback for Arkansas some last year but was moved to linebacker this year, quit the team Thursday.

Razorback Coach Frank Broyles said DeBorde quit for personal reasons, contending he needed to devote more time to his class work.

DeBorde, who started the California game last year but did not play regularly after the Tulsa game, was being tried at linebacker this week during spring drills.

The Razorbacks brushed up during practice Thursday for today's scrimmage. Broyles had praise for the pass defense Thursday, saying it was the secondary's "most impressive day" of spring practice.

Pine Bluff Has a New Coach

PINE BLUFF, Ark. (AP) — Harold E. Tilley has been named head football coach and athletic director at Pine Bluff High School.

Tilley, 39, succeeds Jerome Wesson as football coach and Jack Robey as athletic director. Wesson resigned earlier this year to accept an administrative position in the school system. Robey is assistant superintendent of schools.

Gage Line Favorite

HOT SPRINGS, Ark. (AP) — Dan Lasater's Gage Line sought his third straight victory today at Oaklawn Park as he headed a field of nine older sprinters in the \$20,000 Apple Blossom Handicap.

Scheduled as the ninth race on a 10-race card, the event for 3-year-olds and up was set for six furlongs.

Gage Line, trained by Dave Vance, will be ridden by Louis Spindler, the hottest jockey at the track in the last two weeks.

Gage Line's competition will come from Staunch Avenger, Barbizon Streak and Road Man.

Staunch Avenger is top-weighted at 124 pounds. Barbizon Streak was assigned 122 pounds, Gage Line 121 and Road Man 120.

Larry Snyder was assigned to ride Road Man. Eddie Burns was named to ride Barbizon Streak and Dave White was given the mount on Staunch Avenger.

In Thursday's \$15,000-added Ballerina Stakes, Darlin Lil, owned by Mr. and Mrs. R. F. Roberts, and Gallant Davelle, owned by G. M. Holtsinger, each captured divisions in two coteated events.

Darlin Lil returned \$8.80, \$4.20 and 3.20. Bosum's Strike returned \$5.40 and \$3.80 and Peggy's Fling paid \$8 for show.

Gallant Davelle paid \$3.80, \$2.80 and \$2.40. Dance Mount returned \$7.60 and \$3.80 and Fussy Girl showed for \$2.60.

Gallant Davelle sprinted the four furlongs of fast course in 0:45 3-5, and Darlin Lil covered it in 0:46 4-5.

Jockey J. L. Lively booted home a winning double aboard Annihilate 'Em in the first and Gallant Davelle in the eighth.

The daily double of Annihilate 'Em and Corner Signal, Nos. 11-1, paid \$21.40.

A crowd of 15,022 wagered \$1,573,113.

Hill Wants the Top

By HARRY KING
Associated Press Writer
JONESBORO, Ark. (AP) — Hurdler Thomas Hill has seen the view from the top. He wants another look.

In 1970, the Arkansas State University athlete was considered the top hurdler in the world by Track and Field News. In December of that year, he sustained a knee injury that kept him out of competition for 12 months.

"At first I thought it was just an ordinary injury," Hill said. "It took about a month for everyone to realize how serious it was. I guess never being able to run again crossed my mind, but I couldn't buy that. I had to get well."

Hill, 22, returned to competition last December and had the best indoor season of his career.

He defeated Southern University's Rod Milburn, the top-ranked hurdler in the world last year, once in three tries.

In the U.S. Olympic Invitational in New York in February, Milburn tied the world record in the 55-meter hurdles with a time of 7.0 Hill was clocked in 7.1.

The previous week, Hill ran 7.0 in the Los Angeles Indoor Games to beat Milburn at 60 yards.

Hill says he was "thrilled" about his performance indoors.

"You know, I've never really considered myself a good indoor runner because the race is over too fast and I'm not good out of the blocks," he said. "The competition was better than ever and I was more consistent, so I was really pleased."

His indoor record is even more impressive considering that he was student teaching much of the time at Paragould, about 20 miles from Jonesboro, and missed several workouts.

Hill ran outdoors for the first time the week of March 18 and was clocked in 14.2 in the 120-yard high hurdles.

He made great strides the following week, clocking 13.5 while winning in the Florida Relays.

"I'm way ahead of my timetable of two years ago when I ran 13.7 in the Florida Relays," Hill said. "And, I didn't really run the hurdles that good. The time was so good, I'm scared."

His best time as a freshman was 14.2 He ran 13.6 as a sophomore and had a best of 13.2 as a junior. Milburn set the world record of 13.0 last year.

"I wanted to break 14 flat real had the first week, but considering how poorly I ran the race the time was outstanding," he said. "I knocked over three hurdles and almost came to a stop when I hit one of them. Honestly, I thought the time would be 14.8 or 15 flat."

Hill says he hopes to approach top form by the middle of April.

"I'm having to work too hard to run," Hill said. "I had to work too hard to run that 14.2. It has to come easy. When it comes easy, you run faster."

"I don't want to push it," he said. "When you have to double up on your workouts you can get burned out easy. I've got a long season ahead and I don't want to push."

The day Hill ran 14.2 he also ran two other races before lining up for the 220-yard dash. He was fourth out of the curve but blazed down the straight to win in 21.5.

Hill says he doesn't think about Milburn or anyone else when he's running.

"All I think about is running the best I can," he said. "I already know I can run 13.2 and if that's my best I'll just have to accept that. I didn't think it was before I got hurt and I don't think so now but we'll just have to wait and see."

Hill's goal is to be one of the three hurdlers chosen to represent the United States in the Olympics in Munich this summer.

"I just hope when the time comes I can make the team," he said. "Man, I'd carry a water bucket just to get to go if that's what it takes."

Proves to Be Queen

By DENNIE H. FREEMAN
Associated Press Sports Writer
DALLAS (AP) — Cynthia Potter of Houston proved Thursday night she is still America's three-meter diving queen while Don Dunfield of Ukiah, Calif., stunned Uncle Sam's best off the one-meter board with a victory he could not believe himself.

It all happened at the 1972 National Amateur Athletic Union Indoor Men's and Women's Diving Championships at Loos Pool here.

Miss Potter, who won all three outdoor AAU titles in Houston last summer, was upset Wednesday night by Air Force Capt. Micki King on the one-meter board.

Miss Potter got sweet revenge with a flawless performance off the three-meter board as Miss King finished a distant second.

Bring on the Olympics," said Miss Potter, who qualified

for the U.S. Olympic trial in Chicago this summer along with 11 other American girls.

Although there is no one-meter diving in the Olympics, Dunfield will take his victory just the same.

Dunfield, a University of Wisconsin student, had finished second seven times in the 16 previous national championships and had never captured a first place medal.

Bucks Even Playoff, Lakers Go 2 Ahead

By THE ASSOCIATED PRESS
"What it comes down to is pride," said Larry Costello, coach of the Milwaukee Bucks.

The Bucks had it Thursday night—but they also had Kareem Abdul-Jabbar.

The 7-foot-2 center was the difference as Milwaukee trimmed the Golden State Warriors 118-93 and squared that National Basketball Association Western Conference playoffs at 1-1.

Jabbar scored 25 points and swept 22 rebounds as the Bucks came back to beat the Warriors after an upset loss to the same team two nights earlier.

"We did a lot of things differently than we did on Tuesday night," said Costello, whose team was beaten 117-106 at Milwaukee in the opener of the seven-game series. "We played better defense. Our rebounding was better. And Jabbar was great."

The Los Angeles Lakers took a 2-0 lead in their semifinal series by beating the Chicago Bulls 131-124 in Thursday's only other playoff action.

The NBA playoffs continue tonight with the New York Knicks opening best-of-seven semifinal test with the Baltimore Bullets and the Atlanta Hawks hosting the Boston Celtics. Boston holds a 1-0 edge in that Eastern series.

The American Basketball Association starts its post-season playoffs this afternoon with the Floridians visiting the Virginia Squires in Eastern Division semifinals. New York takes on Kentucky in a night game in the East. Dallas plays at Utah and Denver visits Indiana in the West semifinals.

Along with Jabbar's fine game, the Bucks got a good one out of Curtis Perry, who had 22 points and 9 rebounds. Perry only scored a point in Tuesday night's loss to the Warriors.

"I guess I was a little nervous the other night," said Perry. "But we've beaten the Warriors during the regular season, so there's no reason to get tight right now. I just took a few more shots and they fell in for a change."

Nate Thurmond led Golden State with 32 points, but a big dropoff in production came from Jeff Mullins and Jim Barnett. Mullins and Barnett, who combined for 59 points Tuesday, only had 24 Thursday night.

"Barnett had 30 the other night and only 10 tonight," said Costello. "The reason was that he didn't get the easy baskets the second time. We were getting back and rebounding better. He's a guy you can't let drive, but he's not a great outside shooter."

Barnett said that nervousness caused him to have a bad game.

"I don't like all the publicity of being a hero one night and worrying about not letting my team down the next," said Barnett. "After Tuesday night's game, I couldn't sleep until 6 a.m. the next morning."

The Bucks took advantage of Barnett's cold shooting to take a 27-17 lead with 3½ minutes left in the first quarter. They outscored the Warriors 12-1 at one stretch.

Milwaukee opened a 43-27 lead early in the second quarter before Golden State made its only real threat, closing to within 51-46. But Lucius Allen and Abdul-Jabbar connected to give the Bucks a 55-47 halftime lead and they opened it to 90-67 after three periods.

Los Angeles rallied in the final four minutes and scored 10

straight points to beat Chicago. Wilt Chamberlain led the rally, scoring 12 of his 24 points in the final period. The towering Laker center seized 21 rebounds in the game.

Jerry West had 37 points and Gail Goodrich scored 32 to lead Los Angeles' point production. Bob Love led the Chicago offense with 26 points before he left the game with 5:31 left after injuring his ankle.

The Bulls also played the last period without forward Chet Walker, who scored 18 points in the first three periods and then apparently aggravated a leg injury.

Bob Love of the Bulls sprained his left ankle and precautionary X-rays will be taken in Chicago today.

Chicago also operated without its regular center, Tom Boerwinkle, who was sent home for treatment of a knee injury.

Ali Meets Foster

TOKYO (AP) — Muhammad Ali predicted at today's weigh-in he would stop Mac Foster in the fifth round of their 15-round heavyweight fight Saturday.

The former world heavyweight champ was in his best boastful form as he shouted to Foster "round five" while standing on the scales. He weighed 226 pounds, the second heaviest in his career. He weighed 227 pounds last November when he outpointed Buster Mathis.

Foster, a former Marine from Fresno, Calif., who tipped the scales at 211½, took no sass from Ali.

"I'm going to show you how the West was won, I'm going to come out blasting," he told the

former champ. Ali shot back "I'll give you until noon to get out of town."

That was a reference to the noon starting time, arranged so that the bout can be seen live on closed-circuit television in the United States and Canada at 10 p.m., EST Friday night.

It is Japan's first heavyweight fight and will be held at the 15,000-seat Martial Arts Hall. Tickets are scaled from \$10 to \$100. Ali is guaranteed \$200,000 and Foster \$80,000.

Ali, whose goal is a return title bout with heavyweight champ Joe Frazier, arrived seven minutes late for weigh-in clad in a red, short sleeves sports shirt and blue slacks. Foster, wearing a dark suit and a black hat with the brim pulled low over his eyes, had been waiting 10 minutes.

The 29-year-old Foster has a record of 28 victories, all by knockout, and one loss. The 30-year-old Ali, from Cherry Hill, N.J., has a 34-1 record with 27 knockouts.

Griffith in a Decision

LOS ANGELES (AP) — Emile Griffith, five times a world champion, moved closer to a try for a sixth title Thursday night with a unanimous decision over Ernie "Indian Red" Lopez in a 10-round bout.

Griffith, 153, of New York, is eight years older than Lopez at 26. But the veteran won the fight with superior speed and punching in the late rounds, particularly the sixth, seventh and 10th.

Lopez, 152½, of Arcadia, Calif., is the No. 1 welterweight contender and was seeking a return shot at champion Jose Napoles as well as revenge for a close loss to Griffith a year ago.

There were no knockdowns or cuts in the close fight. Griffith led 5-4 on two judges' cards and 5-2 on the third.

Griffith, who has played a spoiler role in the welterweight and middleweight divisions since he last held the middleweight crown in 1968, is seeking a shot at middleweight champion Carlos Monzon of Argentina. He was stopped by Monzon in the 14th round in Buenos Aires last September.

Griffith's record is 73-13. Lopez is 43-9-1.

Snead Is Key

GREENSBORO, N.C. (AP) — Driving, said J.C. Snead, is the key in the \$200,000 Greater Greensboro Open Golf Tournament.

"If you get it in the rough and you can't pick it up, you've got mud all over the ball," the drawling, raw-boned nephew of the legendary Sam Snead said Thursday after moving into a share of the first round lead with a 66.

"You hit it with that mud on it, and it's gonna come out of there like a crazy woodpecker. You don't know what it's going to do."

Snead, hero of the successful U.S. Ryder Cup team last year, was tied for the top spot after 18 holes with a pair of veterans, 52-year-old Julius Boros and balding Miller Barber, who matched his five-under-par effort on the cold, wet Sedgfield Country Club course.

Spanish Riddle Is the Derby Favorite

HOT SPRINGS, Ark. (AP) — Roy E. Anderson's Spanish Riddle was installed Thursday as the early 3-1 favorite in Saturday's \$100,000 Arkansas Derby at Oaklawn Park.

J.R. Straus' No Le Hace, winner of the recent Louisiana Derby, is the second choice at 4-1, according to the morning line, which was released Thursday afternoon after 17 horses were nominated for the 1¼-mile test.

Spanish Riddle, who has been campaigning in Florida, has won more than \$100,000 in four starts this year, but he was a disappointing sixth in his last start March 12.

The Louisiana Derby victory was No Le Hace's fourth straight.

A Harvey Peltier entry of Feloniously and Fame and Power are listed at 5-1 for the Arkansas Derby.

Calumet Farms' Tarboosh was listed at 6-1. Eager Exchange, owned by John D. Marsh, and Whitesburg, owned by Crimson King Farm, were at 8-1.

The field, which includes

W.C. Robinson Jr.'s Thurloe Square, C&O Syndicate's Flying Drifter, Three Nine Farm's U Pos Ent and C.½ Jarrell's Parlez Encore, was listed at 10-1.

Great Bear Lake, owned by N.B. Hunt, was 12-1. Hustlin' Greek, owned by Mrs. J. O'Bryant and Mrs. Rusty Belt, and Our Trade Winds, owned by Robert Mitchell, were listed at 20-1 along with Audley Farm Stables' Grocery List. The Hassi Shina entry of Hassi's Image and Lester's Jester was 30-1.

Under the allowance conditions of the race, Spanish Riddle, No Le Hace and Eager Exchange will carry 126 pounds. U Pos Ent was light-weighted in the field with 117 pounds.

There was a possibility that Lester's Jester and Flying Drifter would not run in the derby, since both were entered in the eighth race Saturday.

State Defeats Notre Dame

JONESBORO, Ark. (AP) — Ken Copeland cracked three hits to power Arkansas State to a 7-4 college baseball victory over Notre Dame here Thursday.

Jim Berry and Pete Davis each had a double and single for the Indians.

Rich Deuser picked up the victory over ASU.

Porker Tennis Team Wins

TULSA, Okla. (AP) — The Arkansas Razorbacks defeated Southeast State College of Oklahoma 5-1 here Thursday in the quarterfinals of the Oral Roberts tennis tournament.

The Razorbacks will meet Oral Roberts at 2:30 p.m. today in the semifinals.

Connally Meant It When He Said Cut Meat Prices

By JOHN CUNIFF

AP Business Analyst

NEW YORK (AP) — Treas-

ury Secretary John Connally

called the heads of 12 super-

market chains to Washington

for a chat about the high price

of meat this week and now we

are told those prices will be

coming back down.

When Connally says some-

thing he means it, and those to

whom the words are spoken un-

derstand that this is so. He said

he issued no threats about us-

ing controls on the super-

markets. The marketmen took

it as a threat.

After the talk they seemed to

agree that prices would be

dropping. And to show their good faith, they agreed to provide the Cost of Living Council with a weekly report. Can you imagine reporting higher prices?

It was against this backdrop that Connally was able to assure Americans that the price of beef would be lower in coming months.

The swiftness with which the secretary acted was typically Connally. So was his persuasiveness, which has overpowered or left sputtering with rage some of the world's powerful men.

For sheer elemental power the secretary has no equal. The

syrup that runs in his veins supplies an energy that makes other humans feel like boys. He is a powerhouse.

As such, he is probably just the man to face those in charge of pricing in our free enterprise system. He can handle people, suggest to them a course, and leave them convinced that even if they don't like that course they had better act like they do.

But now consider: The Secretary of the Treasury assuring the public about the price of a roast beef or a pork dinner? Wouldn't it have been more logical for the Agriculture Secretary or the Price Commission to make such statements?

And how in the world can mere words, even though they imply the threat of action, dam up the price flood that now flows through the American economy? To think that anyone can do so without first turning off the rain is to hope for a miracle.

The situation suggests how perilous the fight against inflation has become. Resort to persuasion, through plea or threat, suggests that earlier, "practical" remedies have failed.

The fight against inflation becomes all the more tense as the political rhetoric heats up and as the polls show many Americans are prepared to reduce all considerations to the one issue of the pocketbook.

One pollster who supplies information to the candidates puts it this way: "Millions of Americans are prepared to forget their particular political philosophies. To them, the big issues aren't controversial. The thing that matters is holding onto the money in their purse."

Ineffective Vaccines Used for 10 Years

By CARL C. CRAFT

Associated Press Writer

WASHINGTON (AP) — Sena-

tors say a General Accounting

Office report sharply critical of

federal vaccine regulation bol-

sters their case for an inde-

pendent consumer-protection

agency.

"If there had been an inde-

pendent consumer advocate, I

doubt that an agency such as

the Division of Biologics Stand-

ards could have continued to al-

low millions of doses of water-

ed influenza vaccine to be re-

leased for public use year after

year," Sen. Abraham Ribicoff,

D-Conn., said Thursday.

Ribicoff released a GAO re-

port saying DBS let 32 in-

effective vaccines stay on the

market for at least 10 years.

GAO also said DBS, part of

the Health, Education and Wel-

fare Department's National In-

stitutes of Health, released flu

vaccines for three years even

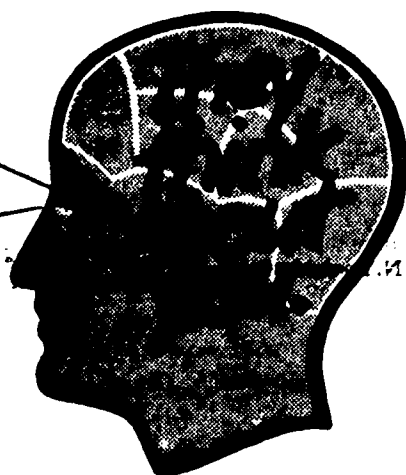

though its tests showed their potency to be as low as less than 1 per cent of standards.

Sen. Charles H. Percy, R-Ill., accused DBS of "callous disregard for the public health and safety," and said an independent consumer-advocacy agency would have looked out for public interest "in the face of bureaucratic lassitude, unconcern, neglect or perversion of purpose."

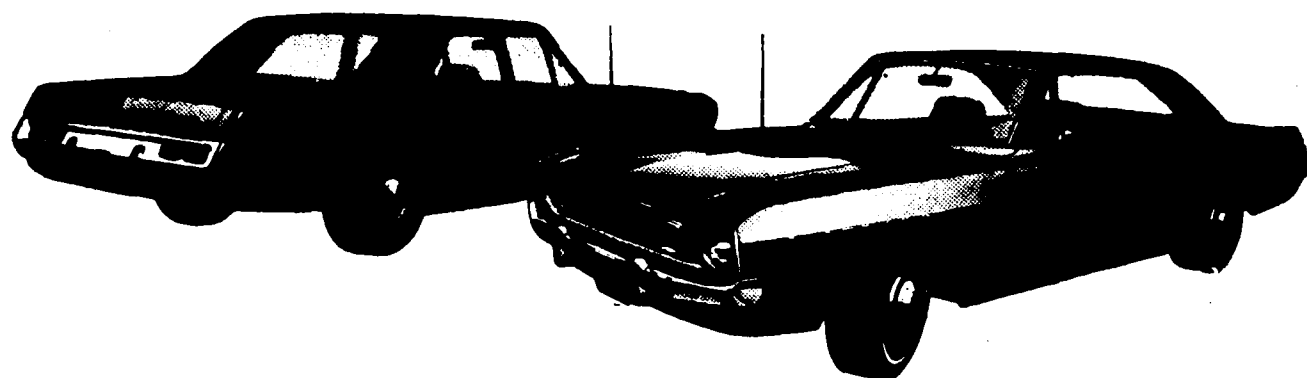

Based on the GAO report, he said, it is now known that "indiscriminate approval of influenza vaccine by DBS from 1966 to 1968 subjected Americans to over 60 million doses of what may have been worthless prevention—or worse."

GAO said it found 75 of the 263 biologic products licensed by DBS "generally were not recognized—according to the director of DBS—as being effective by most of the medical profession."

Opening lead—♥ 10

By Oswald & James Jacoby

Ted Lightner invented the Lightner slam double a long time ago. It is a fine bid but like all bids, whether good, bad or indifferent, it is frequently abused.

East's doubt clearly called for a lead of a heart, the suit bid by dummy. If East had kept still West would probably have opened a spade—the unbid suit. South would have to take an immediate finesse and could complain about bad luck.

It wasn't difficult. Just a matter of counting to 12 tricks by means of a play known as a dummy reversal.

West continued with hearts. South ruffed and played the ace of diamonds and a diamond to the king. When both opponents followed he was ready to complete the dummy reversal.

He ruffed another heart in his hand and entered dummy with the queen of clubs. Then he ruffed dummy's last heart with his last trump; entered dummy with the ace of spades; discarded his last spade on dummy's last trump. Then the clubs.

It should be noted that South would have had to fall back on the spade finesse if trumps had broken 4-1 and

Childish Prank Can Kill You

By Lawrence Lamb, M.D.

Dear Dr. Lamb — Please see if you can get a point across to someone. Isn't it true that if a person takes 10 deep breaths, and on the 10th another person squeezes his chest while he holds his breath, that the breath-holder will pass out because of the lack of oxygen? Isn't this dangerous?

Dear Reader — Yes, it is dangerous. This is a common childhood prank and there have been a few deaths recorded from it. I became particularly interested in this problem because of the studies I did in reference to fainting as a problem with pilots. Fainting is often not too serious in otherwise healthy people on the ground, but even in healthy people it can be exceedingly dangerous if they are flying jet aircraft.

The 10 deep breaths cause overventilation of the lungs which is called "hyperventilation." This causes the person to blow off more carbon dioxide than normal. Under these circumstances a person

You, South, hold:

AK654♥A2♦J♣AK654

What do you do now?

A—Bid five no-trump. Your partner has clearly shown both the ace of diamonds and a good heart suit. Your bid is the grand slam force to ask him to bid seven with two of the three top honors in hearts.

TODAY'S QUESTION

Instead of passing, West has bid one heart over your one club. This is passed around to you. What do you do?

Answer Tomorrow that he only committed himself after he had checked the trump suit.

son is already more prone to faint. Breath holding by itself can cause fainting and when the breath is held after hyperventilation it is more likely than ever to cause fainting. The squeezing on the chest increases the pressure within the lungs which further decreases the return of blood to the heart, which also contributes to fainting.

The real reason people faint with this problem is because the heart is not pumping out enough blood or it may even stop. The latter problem is most likely responsible for the deaths that have been reported with this childhood prank. I was able to demonstrate repeatedly that young healthy people who fainted would often have complete stopping of the heart beat without even an electrical impulse. Fortunately, in the work I did, all of these individual's hearts started beating again automatically, but of course these studies were done under carefully controlled medical supervision. I doubt very much that most of the people who do this trick realize that it can cause a person's heart to stop.

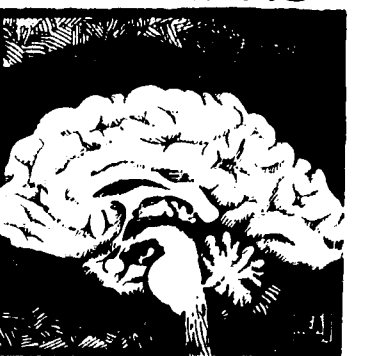

Dear Dr. Lamb — I would like to know if a Pap test would detect cancer in any part of a person's body. If a person had cancer of the breast would that show up in the Pap test?

Dear Reader — No. Unfortunately not. The Pap test is strictly for the primary female organs. A person could have cancer of the breast, lung, liver or other parts of the body and this would have no effect on the Pap test.

Please send your questions and comments to Lawrence E. Lamb, M.D., in care of this paper.

Sacred Concert Is Armstrong Tribute

By MARY CAMPBELL
Associated Press Writer

NEW YORK (AP) — When Duke Ellington wrote his "New Orleans Suite," he included a musical portrait of Louis Armstrong. When he wrote his second "Sacred Concert," he also put in a musical portrait he thought belonged there, called "The Shepherd Who Watches over the Night Flock."

The person portrayed is the Rev. John Garcia Gensel, 54, New York's only Protestant jazz clergyman. He is attached to the Board of American Missions of the Lutheran Church in America and St. Peter's Lutheran church in midtown Manhattan.

He goes around to jazz halls and clubs about three nights a week, often having a cup of coffee after work with a jazz musician who wants conversation or counseling. Of course after work in this case is nearer 3 a.m. than 5 p.m.

Jazz musicians, considering the Rev. Mr. Gensel their pastor, phone him with problems when they're traveling and ask him to perform weddings and funerals. He and the Rev. Norman J. O'Connor, a Paulist father known as "the jazz priest," shared the pulpit at the funeral of the late saxophonist Johnny Hodges.

Counseling jazz musicians, the Rev. Mr. Gensel says, does not require a different sort of theology but there are differences. "You're not dealing with people who are all Lutherans. You need to forget denominational lines. It doesn't matter if a musician is black, white, Jew, Gentile, Muslim—I believe God loves him. You need to be more open, more ecumenical. You need a wider perspective and to adjust to a broader aspect of people."

BE PARTNERS WITH GOD SUPPORT HIS CHURCH

The IMMORTAL

...and may we sing Hallelujah! For Christ
the Lord is risen. The lilies are in bloom and
men and angels are in jubilation.
Because He lives, we know we too shall live.
The Greeks were wrong.
Man is not mortal, but rather immortal.
For God hath set eternity in the heart of man.
This Easter, we share the immortality of
Jesus Christ. His journey to Golgotha
transfigured the cross forever, turning that
symbol of suffering into a
symbol of triumphant life.
Then let us live like women and men who
expect to go on and on forever
... world without end. This is indeed
our true Christian hope. This is what
Easter means to us today.

You In The Church
The Church Is You
- form a combination
for good. Every man,
woman and child needs
the influence of the
church. So, come let
us go into the house
of the Lord. Let us
support his program
of service to human-
ity, be a faithful work-
er, a daily bible read-
er and attend services
regularly.

Guard Drive for Blacks Lags

By **FRED S. HOFFMAN**
AP Military Writer
WASHINGTON (AP) — A drive to double black strength in the National Guard is lagging badly at midpoint.
The National Guard Bureau reports that the recruiting campaign which began last fall netted a gain of only 961 black Guardsmen through February.
This means the Army Guard and the Air Guard must attract an additional 5,000 blacks before next September to reach the announced goal of about 11,800 black Guardsmen.
Guard officials said an \$80,000 advertising campaign designed to appeal to black youths did not get fully geared up until recently. These officials are banking on this campaign, featuring TV and radio commercials, to boost recruiting momentum.
The Guard believes, too, that a new Pentagon-proposed enlistment bonus of \$600 would help spur recruiting of both white and black youths, if Congress passes the legislation.

The Guard is under strong pressure from top Pentagon officials such as defense manpower chief Roger T. Kelley, who has said the low level of "minority participation in Guard units...is a blot on an otherwise bright performance."
The Vietnam war spawned long waiting lists of young men hoping to get into the Guard to avoid the draft. But these lists have now evaporated and the Guard has more than 23,000 spaces for new recruits.
In the past, Pentagon and Guard officials have complained they were unable to attract blacks. Last fall, Maj. Gen. Francis S. Greenfield, National Guard Bureau chief, asserted that "Guard leadership must work closely with black leadership" at every level.
An example of this cooperation was a meeting between Gov. Jimmie Carter of Georgia and 15 black leaders, including the Rev. Ralph David Abernathy, president of the Southern

Christian Leadership Conference.
The Guard has undertaken a number of innovations, including creation of racially mixed teams of Guard officers and noncommissioned officers which will be sent from Washington to check on state Guard compliance with equal-opportunity requirements.
According to Bureau records, the efforts since last fall have raised black membership in the Guard to 6,818 men as of Feb. 29. The figure was 5,857 last June 30.
At that stage, blacks represented about 1.2 per cent of the 487,864 Guardsmen. Even the goal of about 11,800 blacks still would leave the Guard well below the 10-per-cent ratio of blacks to the total U.S. population.

HOPE (ARK.) STAR. Printed by Offset Mills Reviews Chance for the Nomination

LITTLE ROCK, Ark. (AP) — Rep. Wilbur D. Mills, a Democratic presidential candidate, said Thursday that unless a deadlock developed at the Democratic National Convention, he would not have a chance for the nomination.
"I've never thought in terms of getting the nomination except in the event of a deadlock," he said in an interview here, "but if the convention does deadlock, they'll be looking around for somebody, and I think I'd have as good a chance as anyone as being their choice."
Mills said there seemed to be more of a chance for such a deadlock than at any time in recent years. He said there was Alabama Gov. George Wal-

lace's strength to deal with.
"I'm convinced that Gov. Wallace will go to the convention with a lot of votes, although he won't have enough to have a chance at the nomination," Mills said. "He might, however, succeed in turning some of the delegates away from their support of some of the other candidates."
Mills also said no clear-cut leader had emerged from the large field of presidential candidates in the early primaries.
The congressman said there were two persons who could benefit from that situation and the convention deadlock that might bring. Mills said he was one and the other was Sen. Edward M. Kennedy, D-Mass.

Wallace Says Foes Late on Tax Reforms

By **CARL P. LEUBSDORF**
AP Political Writer
MILWAUKEE, Wis. (AP) — Gov. George C. Wallace, contending he talked tax reform long before his opponents in next Tuesday's Wisconsin Democratic primary, says a big vote for him "is going to make them shuffle around down in Washington and come up to solve this issue" in 1972.
"I raised the issue first," the Alabama governor told 600 cheering supporters at a rally on Milwaukee's South Side Thursday night. "Then all the rest of them are running all over themselves wanting to reduce your taxes. They ought to reduce them because they put them on there."
Sens. Hubert H. Humphrey, George McGovern and Edmund

S. Muskie, rated the top Democratic presidential contenders here along with Wallace, have put considerable stress on the tax issue in state with one of the nation's highest per-person tax loads.
The candidates planned light schedules today as their general agreement on major issues gave way to stepped-up criticism of one another's records in the last days of the Wisconsin campaign.
Only Humphrey shied away from criticizing his rivals Thursday, charging at a farm-labor rally in suburban West Bend that President Nixon and Secretary of Agriculture Earl Butz "have given us recession and high unemployment and most of the most critical farm price situation since the Great

Depression."
About 20 welfare rights demonstrators trailed the Minnesota senator part of the day, protesting what they said was his support of the Nixon administration's welfare reform program.
Muskie, stumping his way north to Milwaukee through industrial Kenosha, Racine and Cudahy, challenged McGovern's claim that he was "right from the start" on the Vietnam war and other issues.
Shaking hands with workers in a bitterly cold wind outside a Racine tractor plant, Muskie exchanged greetings in Polish with several workers. Later, he gave a Polish greeting to an enthusiastic group of supporters at a rally in Cudahy.

Crime Drops in Cities

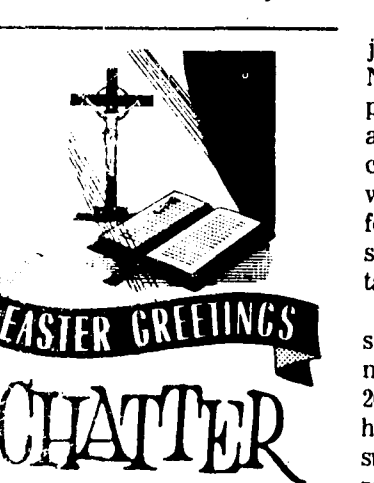

LITTLE ROCK (AP) — Little Rock was one of 53 of the country's major cities that reported a decrease in major reportable crimes in 1971.
The FBI's Uniform Crime Report showed that the total number of crimes declined 23 per cent at Little Rock, from 7,507 in 1970 to 6,778 last year, with drops in five of the seven crime categories.
The increase nationally was 6 per cent, which was the smallest annual increase in six

years.
In Little Rock, the number of murders and nonnegligent manslaughters declined from 38 to 36, forcible rapes went down from 69 to 60, aggravated assaults dropped from 702 to 624, burglaries dropped from 2,950 to 2,460, and larceny of \$50 or more decreased from 2,973 to 2,722.
Increases were recorded in the number of robberies, up to 368 from 300 and in auto thefts, up from 465 to 498.

Wants U.S. Recognition

By **SPENCER DAVIS**
Associated Press Writer
WASHINGTON (AP) — The head of the unofficial Bangladesh mission to Washington says U.S. recognition of the new nation would help ease the bitterness over American opposition to independence for the 70 million Bengali people.
Enayap Karim, a former high-ranking Pakistani diplomat who defected to the Bangladesh movement last year, said in an interview that his country has noted hopeful signs that U.S. recognition is imminent.
Diplomatic sources say Washington will announce recognition within a week.
"We will be very happy to see this great super power recognize Bangladesh," said Karim. "In the past the U.S. attitude toward us has not been considered favorable by our

people.
"When the West Pakistani military regime was trying to crush our independent struggle they used U.S. arms. There was no public expression of disapproval by the American government from March 25 last year when suppression of the Bengalis began until last December when we gained freedom," Karim said.
Karim emphasized that U.S. recognition and economic assistance to his famine-threatened, financially shaky country would help to correct the record.
"After recognition, both of our countries can develop their relations to mutual benefit on the basis of strict observance of non-interference in internal affairs, respect for sovereignty and by efforts to promote the peace, stability and economic development in the area."
The United States is the major contributor to the United Nations humanitarian relief program which is seeking to amass \$600 million from all countries to help the victims of war and flood in Bangladesh, formerly known as East Pakistan. The U.S. contribution totals \$114.67 million.
American observers who inspected the country say one million persons were killed and 20 million pushed out of their homes by the combination of suppression, civil war and natural calamities over the past 16 months.
Karim said efforts in the sub-continent should be directed at trying "to solve the problems which affect the welfare not only of the people of Bangladesh, but the peoples of Pakistan and India as well."
"The first important condition—the first step in a settlement—is the recognition of Bangladesh by Pakistan."

EASTER GREETINGS
CHATTER
By: "BILL"
The National Easter Seal Society for Crippled Children and Adults has doubled the number of handicapped persons it has placed in jobs since 1970. The Society trained 17,308 persons for resumption of their previous job evaluations, work adjustment training, and vocational counseling for handicapped persons.
When you receive that little envelope with the Easter Seals in it, remember the above and also realize that without your help, and that of thousands of others, this work could not be accomplished. Every dollar that is sent in is a tremendous help and somewhere out there you will receive a special blessing.
Some wise person once said, "He who allows his day to pass without practicing generosity and enjoying life's pleasures is like a blacksmith's bellows...he heats the metal but does not live."
Easter, the time of hope and new beginning, is a wonderful season. It is our sincere hope that you take time to enjoy it and that you will find great employment one day. So...to all of you...happy Easter...and may we be blessed.
